

# HTML Part 1

---

## Attributes Activity

Follow the instructions below to practice your newly learned skills!

---

## Requirements

In the `index.html` file, add the following:

- Full Document Structure
    - Don't forget the `!DOCTYPE`
    - Be sure to include the `<body>` element
  - An `<img>` tag that points to a picture of your favorite animal
    - You will have to use a URL as the source
  - An `<a>` tag that links to your Facebook profile
- 

## Example

When complete, it should look like the following:

[Facebook Profile](#)

## Caution!

Do not submit your project until you have completed all requirements! You will not be able to resubmit.
